the swiss digital

Are you a passionate IT Security Expert/Consultant with a strong analytical mindset and a relentless drive to ensure the overall integrity and security of the Identity and Access Management infrastructure? Keep on reading because we're hiring (junior to senior positions open):

IAM / AD / AAD Architect (*German B2-level required*)

In this role, you'll utilize your expertise in Identity Management, Active Directory and PKI security, advanced tools, and scripting skills to strengthen large-scale systems. Safeguarding critical assets and ensuring system integrity, you'll make a significant impact in cybersecurity. If you're ready to play a vital role in securing and protecting valuable assets, this position is perfect for you.

Responsibilities and tasks include:

- Improvement of IAM architecture and strategy as well as applying new technologies and tools on international large-scale enterprise projects
- Responsibility for implementing and maintaining secure configurations for Active Directory, including managing access controls, permissions, and authentication mechanisms.
- You would be involved in performing tests, audits and both offensive and defensive security assessments
- Contribute to the protection of digital ecosystems and safeguard the ever-evolving landscape of technology

Requirements expected:

- Degree in Computer Science, (Business-)Informatics, Business Administration, or related disciplines
- Experience in IT-Security and with IAM-technologies and -protocols like SSO, SAML and OAuth, Active Directory security, Azure AD Security Posture and AAD Architecture
- Enthusiasm and keeping up with digital subjects, strategies, and their interplay
- Strong communication and presentation skills, as well as experience in project management.
- Teamwork, motivation, proactivity, willingness to perform, and flexibility
- Currently we can only consider candidates with a <u>minimum proficiency in German at Level B2</u> or higher.

What we offer:

- Continuous education and improvement by working on large-scale projects for international corporations with some of the most skilled people in the industry sector
- Modern workstation in Zagreb, Varaždin or Osijek
- Flexible working schedule and a possibility to work from home
- Competitive salary depending on experience
